SEAL THE ENVELOPE

ThermaCote® is a technologically-advanced weather coating that seals the envelope of any structure and protects from heat and corrosion.

SMART ENERGY SAVINGS

ThermaCote® is a high-performance weather barrier for commercial, residential, exterior and interior, and is a perfect primer or topcoat to seal, protect and save energy.

SERIOUS SUSTAINABILITY

ThermaCote® is friendly to environments with ultra-low VOC's (volatile organic compounds) in a water-based acrylic formulation.

TESTED AND APPROVED

Thermacote® is Energy Star Rated and Certified Green by MAS the Materials Analytical Services.
